

Political Science

PROGRAM OUTCOMES

The B.A. Political Science Program covers a comprehensive set of courses ranging from the study of political theories, thoughts, institutions and functions-international, national and local.

The following points are the expected outcomes of the three year B.A. program.

1. Through the study of important Philosophical, theoretical and ideological foundations in the study of political science, students are expected to develop critical thinking and arguments.
2. Study of political systems around the world will not only give knowledge but will also train students towards comparative approaches and methods.
3. Students will have an understanding on the international political system as it is and as it ought to be.
4. Learning the fundamentals of Indian government and politics is important for Indian students and has a job-prospect particularly in civil services and other competitive examinations.
5. The study of human rights will empower students to stand for the protection and promotion of basic human rights and thus contribute to national and international peace.
6. Students will learn the principles of equality and think for the equal participation of women in the political system.

PROGRAM SPECIFIC OUTCOMES

- Familiarity with different approaches to the study of politics and an ability to apply these to contemporary collective and political behavior.
- And ability to formulate and construct logical argument about political phenomenon and an ability to evaluate these through empirical and theoretical methods.
- Knowledge of basic factual information about politics within an area of specialization including but not limited to American Politics, political behavior, comparative politics, international relations or political theory and methodology.
